They left here very quietly last night on a special train to spend the week end with the colonel. No advance notice of their plans was made public and by direct orders of the president newspaper reporters were not taken on the special, as has been the custom in the past.

At the White House it was stated that in the nature of a vacation outing. The president has not left Washington this summer and his physician advised a few days at the beach.

MARKET SITES FARMERS' RIGHT

One Thousand Esopus Federation Picnickers Hear Strong Methods Advised to Get "Their Rights"—Old Fashioned Basket Picnic on Bingham Estate a Great Success.

The first farmers' federation, or "community" picnic of Esopus Wednesday met with entire success. The attendance was not much less than 1,000 people and the weather perfect.

Supervisor Holt N. Winfield obtained the use of the grove on the west side of the state highway, on the "old Colonel Payne estate" (as it is best known) from Superintendent Buchanan. The estate, comprising 1,000 acres, is owned by Lieut. H. P. Bingham, now in France.

The gathering arrived largely between 10 a. m. and 12 m. A. P. m. a brief storm swept upon them, the rain in drenching quantities, driving at long slants under the trees, in the grove where tall trees, supposedly the only shelter, gave none at all. But the shower was brief.

Band music by the Peabody Band of Poughkeepsie, family and neighborhood gatherings, sport with ball and bat, and liberal patronage of the ice cream, candies and cigars, and soft drinks, booths with interesting speeches by Neil H. Strome of Walden and ex-Assemblyman A. J. Cook of Kingston, comprised practically the program of the day.

It was a quiet picnic altogether, noticeably present being women and children brought along by their fathers and husbands. Very few youths were there.

The team of chestnut ponies, known as Colonel Payne's driving ponies, were driven along the road, bringing to many, pleasing recollections of the Colonel.

Flags of our country and her allies floated from the trees through the grove.

A. J. Cook's speech was his usual patriotic appeal, which, as he said, no public speaker has the right to omit. The gathering listened attentively and responded vigorously to all that the speaker declaimed, in which there was talk of whipping the Germans to the finish. Mr. Hermann, in his introduction of the speakers, rightly said that the farmers are for this war and in it to the end "with both feet."

Coming in on Hay Raising's.

The earliest of the gathering was a wagon with hay rack seen coming over the hill. It was the good old fashion picnic load, young people from Pastor C. Van Oostenbrugge's Sunday school at Ulster Park; the first of the two hay-rigging loads. Harold Story sent this over, carrying large American flags floating back from a staff over the bow and stern, and the team was driven by Jacob M. Barley. Girls and fellows (with a noticeable absence of fellows) piled into the hay in all sorts of positions. Leslie Herring's team and hay rigging brought over the second load.

In the meantime chairman of the picnic committee, L. N. Hermance, and Secretary DuBois were early on the grounds getting the stands ready and the supplies in. Mr. Hermance is president of the Esopus unit of the federation. Soon afterwards committees representing agricultural organizations of the town constituting the federation came on to the grounds.

Excellent Band Music.

By this time, 10 o'clock, the arrivals were few. But the weather was perfect. One load from West Park, the first of all to come to the grounds, brought four "men and as many children, who left the car on the side of the grounds. Loads came after that entered the grounds in the cars. Near the highway was a platform for the band and speakers. The Peabody band of Poughkeepsie, arriving at 11 o'clock. They kept the air vibrating.

AERIAL RAIDS ON AMERICAN FRONT

By Telegram to The Freeman.
With The American Army On The Aisne-Vesle Front, Aug. 14—(5 p. m.)—That the Germans will soon fall back from the northern bank of the Vesle to the Aisne river is strongly indicated by the concentration of artillery fire during the past 72 hours. Shells thrown from German batteries in that time are of smaller calibre than their 105 mm. batteries. It is thought that they have completed the task of removing their heavier pieces.

Aerial observers report a marked diminution of traffic on the roads leading to the German rear. There is still reason to believe, however, that the Germans will stand along the Vesle until the pressure against their lines is increased.

It is considered probable that one of the super-aeroplanes, carrying seven men and five engines, was employed by the Germans last night in their great series of raids behind the American front. One of the raiding planes made a terrific racket and is believed to be of the super-bombing type, similar to the one shot down recently on the American sector of the British front.

Another feature of the raid was a new kind of flare which hung nearly a minute in the sky, after being ignited, lighting up the areas like gigantic arc lights.

Boeing airmen heaved these new flares to illuminate roads.

While the districts were lighted up as though at midday the Hun airmen swept the country with machine gun fire.

The raids lasted all night long. The American front on the Vesle was comparatively quiet today except for the barking of the high angle guns. The "Archers" were extremely busy everywhere as aviators on both sides took advantage of the fine clear weather for photographing operations.

GERMAN OFFICIAL KILLED IN RUSSIA

By Telegram to The Freeman.
Amsterdam, August 15.—The assassination of Herr Von Sangbusch, a German officer at Venden, Russia, was reported from Riga today.

The murderer escaped.

This is the fourth in the series of assassinations of German officials in Russia. Count Von Mirbach, Germany's ambassador to Russia, was killed at Moscow. Field Marshal Von Eichorn, commander of the German forces in Ukraine, and his aide de camp were assassinated at Kiev. The dispatch telling of Von Sangbusch's murder did not give details as to his title. Wendel is in Livonia, one of the Russian provinces seized by the Germans, and is fifty miles northeast of Riga.

"ACE" PUTNAM GETS FRENCH MEDAL

By Telegram to The Freeman.
Paris, August 15.—Lieut. David Putnam of the Lafayette Escadrille, who is officially credited with bringing down ten German aeroplanes, was decorated with the French military medal today.

The citation says that "his spirit and skill in constant danger shows him to be a pilot of the first class."

Lieut. Putnam recently attacked nine Goethes, bringing down one of them. The next day he attacked a group of eight Germans bagging two.

Lieut. Putnam is from Brooklyn, Mass., and is a descendant of General Israel Putnam ("Old Pat"), one of the heroes of the American Revolution.

Allen Deserter Plotter.

By Telegram to The Freeman.

New York, Aug. 15.—Additional arrests were expected today as the investigation into an Austrian plot to induce wholesale desertions from the United States army widened. Five soldiers who were urged to desert from Camp Dix started the government agents on which the investigation started. Arthur Sacher, an Austrian, was seized last night and is held by federal authorities to be one of the ringleaders in the conspiracy.

Aviator Killed.

By Telegram to The Freeman.

Fort Worth, Texas, August 15.—Plans to send home the body of Cadet John R. Turnstall of Brookfield, Mass., are under way here today. The young aviator was killed yesterday when his plane collided in mid-air with another.

German Losses.

By Telegram to The Freeman.

Paris, Aug. 15.—Herald Bismarck, the military commentator, in an article today says that a conservative estimate of the German losses since July 18 is about 350,000 dead or wounded and 50,000 prisoners.

BOLSHEVIKI ARE HOSTILE TO ALLIES

Our Consul Leaves Moscow—Americans Expected to Leave Country—Situation in North Russia Satisfactory.

By Telegram to The Freeman.
Washington, Aug. 15.—Open hostility by the Bolshevik government to the other American consular representatives in Russia of the same character has resulted in the consul general at Moscow demanding a safe conduct from the country. Officials here made no effort today to discount the bitter hostility of the Linne-Trotsky regime. Mr. Poole and his staff are believed to be en route to Stockholm. Officials say that in turning the affairs of the United States in Moscow over to the Swedish representative, the consul general acted in an entirely proper manner.

It is expected here that Americans in every section of Russia which the Bolshevik control will make their way either out of the country entirely or into the sections controlled by the government of the north and the Czech-Slovaks. So far there has been no interference with Americans anywhere, although there have been numerous arrests of British and French subjects.

The situation in and about Archangel, where the government of the north is in control, is reported here to be excellent from the viewpoint of the Allied governments. The new control there is co-operating in every way with the Allied diplomats and Ambassador Francis is the chief advisor of the new officials.

The latest reports reaching diplomatic circles here is to the effect that the army being formed there has been well armed and equipped with rifles and munitions that will prove a serious menace to any German-Finnish expeditionary force that may be sent against it.

In general the Russian situation is moving well so far as the interests of the Allies are concerned. Every day finds the influence of the Bolshevik weakening, while in Ukraine the anti-German feeling is becoming intense.

CHICAGO TRIBUNE SUED FOR LIBEL

Action Brought by Man Formerly Known Here as Colonel Betts—Depositions Taken Here as to Old Business Transactions.

As told in The Freeman Wednesday evening, Attorney Henry Klein was appointed by the superior court of Cook county, Ill., commissioner to take the depositions of several Kingston witnesses in the action for libel brought against the Chicago Tribune, by Carlton Hudson, who was formerly known as Colonel Carlton Betts.

The testimony brought out during the taking of these depositions Wednesday afternoon and this morning in Mr. Klein's office, was relative to alleged business transactions of Hudson, or Betts, as he was then known, about thirty years ago.

In substance the following alleged facts were brought out: About 1888-89 Betts lived at Crum Elbow, near Highland, N. Y. He came to Kingston and negotiated for the purchase of the Van Wert farm, and also the Seightsburgh farm. These purchases did not materialize.

Betts later purchased \$1,200 worth of furniture from the firm of Stock & Rice; this firm at that time having a furniture store in Rondout. These goods were shipped to Crum Elbow and Betts refused to pay for them.

Later Senator Rice saw Betts in New York city. Betts evidently had other creditors, for he told the senator that he would be quiet and take things easy that he would be paid, but the other creditors would not.

Some time later Stock and Rice went to an attorney and had an attachment issued. The goods were seized at Crum Elbow and sold at auction.

This transaction has nothing to do with the events leading up to the article in the Chicago Tribune, as the result of which the suit has been brought. These Kingston persons, called as witnesses were subpoenaed by the defendants in an effort to bring out the shady nature of Betts's business transactions. It is said that the Chicago Tribune intimated in its article that Betts was a swindler and "master of under-ground finance."

Among the witnesses whose depositions were taken were the following Kingston persons: Nicholas Stock of the firm of Stock & Rice; Walter F. Crane; Joseph Block, Morris Block, S. B. Carle, Justice G. D. Hasbrouck and Mrs. C. H. Van Wert. Ex-Senator Rice was one of the principal witnesses.

C. F. Hathorn of the firm of Shubert, McCormick, Thompson, Kirkland and Patterson, a Chicago lawyer for the Tribune, and Augustus Kirby of New York city, acted as

Union Pacific dropping one point to 123 1/2 and Reading fell 1/2 to 59 1/2. American Writing Paper Preferred, after moving up nearly 3 points to 38 1/2 dropped one point.

Although Mr. Barber is not in the draft age he wants to be doing his "bit" for his country. He is a young man of sterling character and very popular among his acquaintances who send him their best wishes for a speedy return.

SCHOONER DOROTHY BARRETT SUNK

By Telegram to The Freeman.
Washington, Aug. 15.—The schooner Dorothy Barrett was attacked by a German submarine yesterday afternoon six and one-half miles from the North End Lightship at Cape May, N. J., the navy department announced today. The crew abandoned the vessel, which soon burst into flames and was burned to the water's edge.

Shortly after the attack seaplanes appeared and dropped bombs in the general vicinity of where the U-boat had submerged. The aviators reported that bubbles were seen to arise from the surface, but extreme doubt was expressed as to the probability of the submarine being destroyed.

TWO MEN GIVEN 36 HOURS TO GET JOB

John Burger of German Street and William Waldron of Susan Street Must Either Work or Fight—Other Court Cases.

John Burger of German street, and William Waldron of Susan street, were summoned to appear before Judge Schirick this morning in police court by Sergeant Phinney to explain why they were not complying with the provisions of the loafer law. Others will also be asked to explain later.

Sergeant Phinney informed the court that in both cases complaints had been made to the police department that neither man had a job and that neither had worked in several years.

Mr. Waldron said that he had not worked the past two years owing to illness, and his physician had told him it was best for him to give up work and seek exercise and fresh air. Judge Schirick informed him that he would give him thirty-six hours to either secure a job or a physician's certificate stating that he was unable to work.

Mr. Burger was also given thirty-six hours to secure a job, and both men were instructed to report to the court Saturday morning.

Lost Number Plate. David Navy was arrested last Wednesday afternoon by Officer O'Neill for running his auto with a paste-board number plate attached to it instead of the regular number plate issued by the state department. Mr. Navy was arraigned before Judge Schirick this morning and explained that he had number plates but had lost them and had taken the matter up with the department to secure duplicates. He was warned that it would be best to not run his auto until he secured the number plates he had written for.

GERMAN PEACE DRIVE STARTED

Coincident With Defeat On Western Front Kaiser's Officials Hint That Peace Would Be Acceptable.

By Telegram to The Freeman.
London Aug. 15.—Germany will not refuse any reasonable peace proposals, according to Admiral Von Hintz, German foreign secretary, said a Reuter dispatch from Amsterdam today.

The dispatch quoted the German foreign secretary as saying: "There can be no question of refusal by Germany of a reasonable peace proposal."

Discussing the recent speech of Premier Lloyd George, the German foreign secretary was further quoted as saying that "had the Allies serious peace intentions they could have approached Germany through authorized quarters."

Ever since Germany began to suffer heavy defeats on the western front it has been reported from time to time that the Central Powers were planning a "peace drive."

These reports were strengthened yesterday by advices from Copenhagen telling of a great council which is to be held at German great headquarters.

The two Kaisers and many military and diplomatic are to take part, according to the Copenhagen dispatch. It was recently reported that Admiral Von Hintz had left Berlin to confer with the Kaiser.

During Sailors Commended.

By Telegram to The Freeman.
Washington, Aug. 15.—With the commending of two United States sailors today by Secretary Daniels for their "coolness, daring and bravery" one of the most dramatic scenes of the war was revealed by the navy department. The two sailors were near the Spanish ship Serantes which was on fire. Aboard the Spanish vessel were seven sailors hemmed in by the fire in the fore-castle and blazing gasoline on the water. William E. King of Baltimore, Md., and Clarence F. Ready, of Barnwell, S. C., took the ship's launch isis, and plowing through the sea of fire, rescued them.

HIGHLAND.

Highland, Aug. 14.—Miss Laura Palmer, who has been taking a summer course at Ithaca, will return from there this week Saturday. She will have only a short stay at home before leaving for school duties.

Miss Emma Paltridge was the one who had a lucky number at St. Augustine's Church fair, and she was the winner of the ton of coal. This will come in fine next winter, especially if the thermometer reaches the frigid part that it did last year. Perhaps many of us will want to visit Miss Paltridge often to keep warm.

George H. Brown of Vineyard avenue is at present enjoying himself in the city of New York and at the seashore.

Rev. F. A. Coon, wife and son left this week for their vacation. They will remain three weeks.

Mr. and Mrs. J. W. Feeter arrived home Friday evening from a week spent at Big Moose, in the Adirondacks at Burdick's camp.

Howard E. Wilcox was in New York city last week on a business trip.

Mrs. F. M. Turrentine of the North road has had as her guest the past week her sister from New York city.

Edward Ackley informs us he will vacate the Webster building in the village and will carry on plumbing on the place at Maple avenue. He is ready to take orders from September 1 at the new business place.

Mrs. J. C. Lucas of Maple avenue had guests from out of town last Friday.

Mr. and Mrs. George Condy had guests part of the week from Milton.

Mrs. Chester Atkins and her guests from New York city were guests of friends in Kingston on Saturday last.

Mrs. Theron DuBois and Mrs. J. C. Dedrick of Maple avenue left Tuesday for a week's outing at Lake Champlain. They are guests of Mr. and Mrs. George DuBois of Beacon at their lodge at the lake. It is a very delightful spot and we are sure they all will have complete rest and a change, which works wonders.

The Auxiliary Club food sale, which was to have been held on this Saturday, the 17th, has been given up on account of the scarcity of sugar and flour, high prices of eggs, and so forth. Then many of the people who are always buyers are at present on vacation trips, so the committee in charge thought it advisable to abandon the idea of the sale for the present.

Mr. and Mrs. George Cornell and daughter, Ruby, left here last Sunday for their annual vacation.

Miss Grace Scott returned last Saturday from a vacation of several days. We hear she will soon leave for a week's rest as school duties will soon commence and then it means get to hard work.

The annual school meeting was held last Tuesday evening when Messrs. F. L. Metcalf, D. H. Merritt and Harry Colyer were elected as members of the board of education for the next three years. Presumably there will be something doing now with these prominent men in. Keep stiff upper lip boys and do your duty in all things.

S. A. Ferris of Grand street was overcome with the heat last week one day and has been feeling quite miserable at this time. He is improving slowly and with taking proper care of himself will come around all right. One has to be very cautious, especially if not very robust, for the heat has been intense and causes trouble before one is aware of it.

Dr. and Mrs. LaMore and Mr. and Mrs. W. E. Wilcox have as their guests this week the Rev. and Mrs. William Wilcox and son, Thornton, who reside in Baltimore, Md. They will spend part of their vacation here and their many friends cordially welcome them. They are all looking fine. We think the south thoroughly agrees with them.

Mr. and Mrs. Arthur Schamerhorn of Main street entertained Mr. and Mrs. George W. Reisen of New York city for the week end.

Mrs. Marie Harner of Clintondale is now at "Hillair" for a short time.

Miss Ruby Cornell returned Saturday from a short visit with relatives in Clintondale.

Many were surprised and greatly shocked when the news came that Angelo Hasbrouck, brother of Mrs. J. W. Feeter, had passed away on Thursday evening last. He had not been in good health for a long time yet had kept up to the best of his ability until a few weeks ago when his strength gave way and he was confined to his bed. Mr. Hasbrouck was a kind husband, indulgent father, good neighbor and friend and will be missed by all. Funeral services were held from the late home Saturday afternoon last. His pastor, the Rev. G. H. Scofield, officiated. Services were largely attended. The floral tributes were many and beautiful. The interment was in Highland cemetery under direction of Undertaker W. E. Wilcox.

Mr. and Mrs. Hugo Steller of Grand street have had as their guest recently their daughter, Mrs. Harry Black, of Poughkeepsie.

St. Augustine's Church people held a food sale and dance last Saturday in J. W. Feeter's Hall. You could take subscriptions on several articles, such as fancy and useful articles, sandwiches, cake, ice cream, coffee, and then for sport you could dance to your heart's content, and glad to say the weather man provided cooler weather which was appreciated and enjoyed by every one, whether they were at the hall or at home. These people were successful. They had a fine sum of money as reward for their hard work.

Mrs. Neenan and son, Mrs. Edward Miller and Mrs. M. Freer were in Poughkeepsie Saturday evening and attended the movie picture theatre, and were pleased with the fine display.

The Methodist Episcopal Church of this place will be closed for three Sundays commencing with next Sunday, August 18. The pastor and family will take their annual vacation.

Mr. and Mrs. Clarence J. Elting with guests from Poughkeepsie were on a snap-up last Friday as they were all in the arms of Mr. Elting and returning from Mrs. Elting's "vacation" on way to New York. The trolley came on them so quickly they had no

STUDENT NURSE RESERVE.

Ulster Young Women Slow to Respond to Call.

While the classes in elementary hygiene and home nursing and first aid, as carried on under the supervision of the Red Cross, were pretty well attended in both city and county, and many of our women profited much thereby, the enrollment for the U. S. student nurse reserve under the woman's committee of the Council of Home Defense has been slow and not as large as it was hoped it would be. The intensive campaign to enroll women in this branch of service, in order to at once release graduate nurses to the number of 25,000 throughout the country, was to have closed on Sunday last, but as the enrollment has not been as successful as was anticipated, numerically, it will be continued in this county for a few days longer. But it will be but a few days.

Prompt decision is one of the prime requisites of a good nurse, so that it should not take much longer for the women of Ulster county, and especially the many college graduates, particularly qualified for this noble work to decide whether they will undertake this line of service for their country.

Please make your decision now, and send in your application immediately to the secretary of the enrollment committee, Miss Kelder, at the Kingston City Hospital.

INSTRUCTIONS FOR THE REGISTRATION

On Saturday, August 24, of Men Who Have Attained the Age of 21 Years Since June 5 of This Year.

Local boards for Division 1 and 2 of Ulster county, received from the adjutant general's office today a bulletin containing instructions for the registration on August 24th of all men who shall have reached the age of 21 years between June 5 and August 4.

The hours of registering will be from 7 a. m. until 9 p. m. All male persons (citizens and aliens) born between June 5, 1897 and August 24, 1897, inclusive, except officers and enlisted men of the regular army, navy and marine corps, and the national guard and naval militia while in federal service and officers in officers' reserve corps and enlisted men in enlisted reserve corps while in active service.

This registration must not be confused with the larger registration to be made in September in pursuance of legislation now pending before congress, as it only concerns those who have since June 5, 1918, and on or before August 24, 1918, attained their twenty-first birthday.

In view of the demand for class 1 men, the president deems that this registration is necessary. It is believed that the work can be done without interfering with the arrangement now under way for the larger registration.

After giving some other instructions, the bulletin states, "It is estimated that this registration will be approximately twenty-two per cent of the number registered on June 5, 1918."

PLANS BEHIND MAN POWER BILL

Administration Agreed War Must Be Won in West With Four Million Americans — "Work or Fight" Emphasized.

By Telegram to The Freeman. Washington, Aug. 15.—President Wilson has accepted the view of Allied and American military experts that the war must be fought out and won on the western and Italian fronts.

General March believes that the war will be won when America has placed four million men in France—that such an army "could go through the German lines wherever we please."

The war department plans to have eighty fighting divisions in France and 18 reserve divisions at home by June 30, 1919.

These were the outstanding features revealed this afternoon when Senator Chamberlain, chairman of the military affairs committee, reported to the senate the new man power bill setting the draft ages from 18 to 45.

Incidentally Senator Chamberlain gave the first official interpretation of the drastic anti-strike amendment to the measure. It is that the American workman exempted from the draft on industrial lines is performing the same service as the man on the firing line and should be subject to the same discipline. He must remain in employment—must not strike—while industrial difficulties in which he is involved are being adjusted. Otherwise he will be inducted in the military service.

The young man not engaged in an essential occupation is compelled to fight whether he feels disposed to or not," said Senator Chamberlain. "In view of this, when a young man is exempted from the draft solely in order that he may engage in an essential industry, he ought to continue that employment in good faith, and if he fails he ought to be subject to the draft. The justice of this provision will appeal to the good sense and patriotism of the whole country," the committee believes.

Senator Chamberlain's report contained quotations from confidential testimony given by the committee by Secretary of War Baker and Chief of Staff March, both of whom urged immediate passage of the bill extending the draft ages in order "that the military program of the United States may not be interfered with."

It was Secretary Baker who revealed that President Wilson has decided the war must be fought out to a victory on the western and Italian fronts. The whole energies of the war department will be devoted to training and transporting the largest possible number of men for the coming titanic struggle on the western battle line," he said.

"The theory of the fighting is that we must force the issue and win on the western front."

"It is up to us to win the war, and we can win it," said General March. "How long it will take depends exactly upon what we do. If we drag along with this and put a small force over there, we will be playing Germany's game. It is my belief that with an American army of 4,000,000 men in France, under one commander-in-chief, we can go through the German lines wherever we please."

"The passage of the man power bill would permit the war department to draw all the men necessary for carrying out the program until June 30 of next year from class one."

"All the men obtained under the proposed change in the draft law—approximately 2,300,000—we expect to have in France by June 30, 1919."

FARMERETTE MOVIES.

Pictures Being Made of Civil Workers in Dutchess County.

New York, Aug. 15.—A moving picture showing actual work done in all branches of farming by the farmerettes of the New York State Woman's Land Army is being made at the estate of G. Howard Davidson at Millbrook, Dutchess county, New York. This picture will portray the sturdy young workers carrying on all

the different operations connected with practical farming.

Mr. Davidson is editor of "The Field," an illustrated farm journal. He is also a member of the Advanced Agricultural Publishing Co. A unit of the Woman's Land Army consisting of ten girls and a caretaker has been employed on his farm since spring, and will remain there until the final crops are harvested in October. Mr. Davidson is impressed with the efficiency and skill of these girls.

Many endorsements are being received daily at upstate headquarters of the New York State Woman's

Land Army at 12 Pine street, Albany in response to invitations to the Land Army Conference to be held there August 20-21.

S. S. Fien in Glenford Grove.

The final arrangements are complete for the big Sunday school picnic at Glenford to be held August 24. The large time score has been neatly cleaned and now is the most attractive place along the boulevard. The grove is open to the public and you are invited to stop and refresh yourselves.

KINGSTON, N. Y., AUGUST 15, 1918

COURAGE IN BATTLE.

Testimony from many sources, including classic literature, tends to show that fear is an affliction that may at times steal unannounced and unaccountably into the hearts of even the bravest veterans. "A shaking leaf shall chase them," promised a prophet of fighting Israel, thus giving powerful expression in a single phrase to the limitless demoralization that may result from even groundless fear. The mysterious psychology of fear is beyond complete analysis, but it is plain that men may be obsessed by it even without visible cause, a fact indicating that often the terrors of the imagination are harder to face than the terrors of reality. Perhaps this explains why many old soldiers have said that the eve of battle is worse than the battle itself, why so many civilians shrink from the thought of "standing up to be shot at" and marvel that soldiers are so stout of heart in the midst of combat to the death, not realizing that excitement, feverish activity and, above all, burning wrath, bring indifference and forgetfulness.

THE WORST EVIL.

The millionaire, whose wife had recently died walked through the general office to his private room. While so doing, something caught his eye, and he called the manager.

"Wilson, I am very glad to see you sympathize with me in my recent loss by decorating the office with a little crepe," he said, pointing in the direction of a black piece of cloth hanging on the wall.

"The manager looked dumbfounded. 'Crepe, sir? Crepe! That's not crepe; it's the office boy's towel.'"

THE WORST EVIL.

N. C. Goodwin, the eminent and well-known comedian, said at a wedding breakfast:

"Marriage may be an evil; but a lonely and loveless old age is a worse evil."

"I remember saying once in my childhood to an old maid aunt:

"Auntie, what would you do if you had your life to live over again?"

"My poor aunt smiled sadly.

"Get married," she replied, "before I had sense enough to decide to be an old maid."

ITALIAN ROOKIE.

Not all of America's heroes in khaki are at the fighting front. A little over a week ago one of the physicians at the base hospital in Camp Dix entered the convalescent ward in an excited hurry and asked if any man present would volunteer to submit to a transfusion of blood to save the life of a colored recruit. Six were on their feet in an instant. The one finally selected, because the condition of his blood was almost ideal for the purpose, was Private Desimone, a young New Jersey lad of Italian extraction.

COLONEL WATTERSON.

What will the Louisville Courier-Journal be without its venerable and inimitable editor, Colonel Watterson? How can it hope to preserve the distinctive flavor? For some time yet, however, the hand of "Marse Henry" may still be seen, for he is to continue to serve in an advisory capacity, and by his advice no doubt the Hohenzollerns and Hapsburgs will continue to be held aloft and wriggling, impaled on an editorial bayonet.

COLONEL WATTERSON.

With Colonel Watterson departs personal journalism of the old distinctive sort. He is the last of the race of great individually known American editors and he has served longer than any of his kind. Horace Greeley retired after 24 years of service. Bennett after 22 years. Jonathan C. Smith after 20 years. Samuel Bowles was active so long and only Bryant matched the

Great Demonstration of Ellenville on Labor Day.

The monster patriotic demonstration for complete victory which has been arranged by a committee of the most prominent citizens of Ellenville, with Hon. Judge W. D. Cunningham as chairman, to be held on Labor Day, Monday, September 2, promises to be one of the largest and successful events that have ever taken place in that enterprising village. The greatest attractions ever presented in this part of the state will be featured in this exhibition, and the day will be crowded so full of brilliant entertainment that no person within a radius of many miles of this beautiful mountain town can afford to miss spending the holiday at this most patriotic of all gatherings.

Promise to Put on Show Saturday Rivaling Professionals.

The artists engaged in preparing the big vaudeville program to be given at Firemen's Hall, Saturday evening, August 17th, are spending their talents and time freely to make it the biggest show ever given at their favorite summer colony. Those privileged to see the dress rehearsal claim that it will be bigger and better and have more real variety than most of the professional shows seen hereabouts.

WOODSTOCK ARTISTS.

The announcement cards advertise "Drama, Music and Girls," but fail to state there will be a fulsome amount of each element. Lord Dunsany's one act thriller, "A Night at an Inn," has not been played outside of two or three big cities in the United States, and it will have the tremendous advantage of being staged by a professional actor and producer, E. J. Ballantine, who is well known on both the English and American stage. The well known artists who will act in this unusual little melodrama are, besides Mr. Ballantine, Edward Chase, Paul Kohlman, Alfred Book, Eugene Speicher, H. J. McFee, Paul Arndt and Billy Kihn.

WOODSTOCK ARTISTS.

The musical and dancing numbers, have been staged by Miss Muriel Pollock, the noted New York composer of popular melodies, among them, "God Bless the Ladies," "Folks for the Girls," "Moonlight Song," sung and danced by Woodstock's clever girl artists, Misses Lucius Miller, Chapman and Mrs. Chase. A young girl and boy jazz number will be sung and danced by young students, among them Messrs. Chaplin, Kihn, Allen, Misses Allen, Stabler and Connor. Miss Jane Britton will do a beautiful Chinese dance and Misses Ropes and Rogers a Pierrot pantomime; Miss Wilma Hervey and Miss Pollock an act, in which, both will sing, and Miss Hervey will play on her Hawaiian guitar.

The settings have been designed and executed by the artists taking part in the program, and the costumes would grace any New York musical comedy have been designed and executed by Miss Adele Morris. RIFTON PATRIOTIC MEETING SUNDAY

The patriotic demonstration at Rifton next Sunday evening at 8 o'clock in the town hall will positively take place, notwithstanding the doubt expressed in yesterday's Freeman that the entertainment would have to be postponed on account of Washington's inability to get the set of 58 slides to illustrate "Making the American Army," a lecture showing how the United States, in a few months' training, makes a serviceable soldier out of a raw recruit. But the set of official slides, selected to illustrate what "Our Boys in France" do from the time they land until they go into the trenches, has arrived and a lecture on this subject will be given by George Propher, while these pictures are being shown.

Senator Charles W. Walton will be the orator of the evening and deliver a patriotic address.

There will be shown on the screen about 25 pictures of Rifton and St. Remy, "boys" in the service of our country, and in addition the pictures of the 56 soldiers who were killed at West Park, Ulster Park, Port Ewen and Slightsburg, shown at the Rifton meeting at Ulster Park, recently, will be screened again.

The patriotic song, "I Want to Be a Soldier, Pa. and Fight for Uncle Sam," published in national colors, will be presented to each lady as a souvenir, with the compliments of the Liberty Hope Choir, invocation and benediction by the Rev. C. Van Oostenbrugge, pastor of the Reformed Church of Ulster Park, who will officiate. The other churches in the nearby villages will suspend their regular services in order to have

At Greenkill Park Inn—Dancing to Follow Concert.

The guests at Greenkill Park Inn have been busy this summer doing Red Cross work under the leadership of Miss Virginia Los Kamp, contralto soloist of the Rondout Presbyterian Church. Now as a sort of climax to their efforts, a most enjoyable benefit concert will be given at the Inn, under Miss Los Kamp's supervision, on the evening of Saturday, August 24, at 8 o'clock.

The program will include vocal numbers by Miss Los Kamp herself; violin solos by Earl Hummel, and a two violin number by Earl and his father, Ford Hummel; also aesthetic dances by the little Misses Cashin, pupils of Miss Delta Boice. At the close of this delightful program there will be dancing for all present. The tickets, which may be purchased at the Connelly drug store on the Strand and at Winter's music store on John street, will be 50 cents. The entire proceeds will go to the Ulster County chapter of the Red Cross, and will augment the fund already collected as gifts from the guests. During the summer, a number of the guests at the Inn have been making the daintiest little layettes for Belgium babies, and enough money was contributed to purchase all materials so that \$130 is now in their treasury as the nest egg for the concert fund. The little layettes, twelve in number, will be brought to the Red Cross headquarters, ready for shipment to Belgium, in a very short time. This generous task has been in charge of a committee of which Miss Los Kamp is chairman.

All who were so fortunate as to attend the big concert which Miss Los Kamp gave last fall for the Red Cross will want to attend this concert, and will surely advise their friends to do so.

Demand for Safe Deposit Boxes.

The Rondout National Bank reports that the demand for the safe deposit boxes has been so great that practically all of its boxes are rented. They placed a contract on Tuesday with the Carey Safe Company for a large number of additional boxes to be placed in its vaults on Ferry street, and hope soon to be able to accommodate all who wish a box to keep their valuables in.

MRS. MORTON DIED LAST NIGHT

Wife of Former Statesman and Diplomat Succumbs to Heart Trouble—Known for Charities and as Social Leader.

Mrs. Levi P. Morton, wife of former Vice President Levi P. Morton, died last night in her home at Ellerslie, Rhinecliff.

Mrs. Morton had been seriously ill for a month from valvular heart trouble. Three children survive, Mrs. William C. Eustis of Washington and Miss Helen Morton and Miss Mary Morton of Ellerslie. The funeral will be held Saturday in the Church of the Messiah, Rhinebeck.

For many years Mrs. Morton occupied a unique social position which made her at varying times a leader socially not only in this state, but in Washington and in Paris, her husband being at that time Minister to France. Her career in the French capital was particularly brilliant.

Mrs. Morton came of an old New York state family. Before her marriage she was Miss Anna Livingston Street, daughter of William I. Street, a prominent lawyer of Poughkeepsie, where Mrs. Morton was born. She was a niece of Alfred B. Street, the poet, and her middle name was taken from the prominent Livingston family of New York, to which she was related.

Fresh from the social laurels she had achieved in Paris, Mrs. Morton, upon her return to New York resumed her place as a leader in the social life there. Only four years elapsed, however, before the election of her husband as vice president enthroned her as a leader of society in the national capital. A lapse of two years occurred between the end of Mr. Morton's public life in Washington before Mrs. Morton again was thrust into a position of social leadership in her native state by Mr. Morton's election as governor of New York in 1895, and for the following two years the Executive Mansion at Albany was accepted generally as the social headquarters for the state.

In spite of the demands upon her by her social activities, Mrs. Morton nevertheless found time personally to oversee the education and training of her children. She was deeply interested in many charities.

Portfolio of

KINGSTON'S

Part in the World War

Extra copies of the cover of this patriotic portfolio, about which everyone is talking, have been provided.

You may obtain them, and also the first week's inserts of photographs of Kingston heroes and patriots, from your newsdealer upon payment of ten cents, to cover a small part of the cost, or by writing the Circulation Department, New York American, No. 2 Duane Street, New York.

At the same time make certain of getting each week's series of these pictorial inserts for binding in the portfolio by ordering the New York American to be delivered to you daily and Sunday until further notice.

Seven pictures may be obtained each week for seven headings of the New York American and ten cents. When

the entire series has been published you will have a treasured record of Kingston's war activities, a collection of pictures whose value, historic as well as personal, will increase year by year, and which you will be proud to hand down to your children.

Remember that the inserts for this war portfolio are being issued week by week contemporaneously with your sons' and brothers' bravery and sacrifices—that it contains not alone their photographs, but those of the workers in the nation's cause right here in Kingston—perhaps a photograph of yourself.

The demand for the New York American is breaking all precedents. Therefore, see to it that no time is lost in beginning your collection of these patriotic pictures. Begin today.

FEDERAL REQUEST WAS ANTICIPATED

Government Desires Playground Authorities to Designate Last Week in August for Holding Pageant—“Over Here” to be Presented.

The Children's Bureau of the U. S. Department of Labor and the Council of National Defense have asked that the last week of the playground season be designated as “Patriotic Play Week” and that on one day of that week a big patriotic pageant be presented.

This request was anticipated by the playground authorities of Kingston who had already arranged to present the pageant “Over Here” at Forsyth Park on the afternoon of August 23. This will practically bring the official playground season to a close, but the apparatus will remain on the playground centers to be used by children after school hours.

The official playground season closes on Labor Day in Kingston. The pageant that is being prepared for presentation sums up the different events which have taken place in this country the past year, and will show our ways of helping the Allied cause and the pageant will prove a big help in stimulating patriotism.

TROOP TRAIN ENDANGERED.

Runway On O. & W. as Engine Crew Are Scalded Out of Cab.

Sunday night an extra troop train on the O. & W. railroad loaded with several hundred soldiers, south-bound, ran away just after passing over the top of the hill on the steep grade leading from Apex to Cadonia, Delaware county, N. Y. The water bar of the engine burst in the fire box. The scalding steam and hot water forced by 200 pounds pressure rushed into the cab blinding and scalding the engine crew, practically blowing them from the cab. The engineer did not have time to apply the air brakes and tearing at his scalding clothing he tried but was unable to reach the first coach to apply the emergency brake. The soldiers watched his frantic actions, unaware they were aboard a runaway train. A northbound extra had orders to meet the troop train at Kerr's switch half way down the eight mile hill. The extra arrived at the switch just in time to clear the train of 13 Pullmans as it went rushing by with its load of happy soldiers with no hand at the throttle. Conductor Kerins became aware something was wrong as his train was traveling at a high rate of speed and applied the emergency brake, the train running nearly a mile before it stopped and five miles from where the accident happened. Engineer Kinch was found by the train crew in a semi-conscious condition, his left side being so badly scalded that the flesh peeled off with his clothing. Trainman Baker was found on top of the tender having been blown from the cab and badly scalded. The fireman was found down the bank bruised, scalded and with broken hip. He had jumped from the engine. The men were taken to Cambondale, Pa. hospital where Baker died from his injuries. Engineer Kinch is in a critical condition.

Thirty troop trains have passed over the O. & W. in the past four days.

May Close Season on Partridge.

Albany, Aug. 15.—To close the season for ruffed grouse shooting in this state or not to close it will be decided by the Conservation Commission after a number of public hearings, which will be held in order to give all persons an opportunity of expressing their views on the subject. The commission is taking this action as the result of a large number of petitions which have been received from sportsmen, asking for a closed season throughout New York state on ruffed grouse or “partridge.” The hearings will be held at two o'clock in the afternoon at the following places: Office of the Conservation Commission, Room 1501, Times Bldg., New York city, August 25th; court house, Elmira, August 26th; court house, Genesee, August 26th; office of Conservation Commission, 152 State street, Albany, August 27th; court house, Utica, August 27th, and court house, Rochester, August 27th.

Save Garden Seed.

Some of the garden seed now growing abundant in your garden will be needed next year when planting time comes. Better save a supply while you can. It is not hard to save seed and quite frequently the home-grown supply is better than any that can be bought from the seedman. Home-grown seeds are suited to local environment and the vigor and productivity of the plants from which they are selected can be taken into consideration—which is an important point in selecting home-grown seed. Wait until the seed matures, just as they do, then dry it thoroughly immediately in a paper bag or a paper sack, then place it in a dry place where it can not be destroyed by insects, rats or mice.
